

## ОТЗЫВ

научного руководителя о выпускной квалификационной работе обучающегося 2 курса основной образовательной программы МАГИСТРАТУРЫ СПбГУ по направлению «Международные отношения» Liang Fushu на тему: Taiwan's Search for Greater International Space and the US factor

### Оценка качества работы:

№ п. п.	Критерии оценки ( модель магистратуры: проверяемые компетенции)	Баллы оценки: • отлично (5) • хорошо (4) • удовлетворительно (3) • неудовлетворительно (2) <sup>1</sup>	Комментарии к оценке
1.	<b>Актуальность проблематики</b> (АОМ: ОКМ-13, 22; АМ: ОКМ-8,16, ПК-36; ПОМ: ПК-6)	excellent (5)	Since the Democratic Progressive Party returned to power in Taiwan in 2016, Taiwan has seen the shrinking of its international space due to China mainland unfriendly activities. On the other hand, for past several years the US has implemented a number of initiatives aimed at facilitating Taiwan's efforts to gain greater international space. These divergent processes accentuate the necessity to study this issue.
2.	<b>Научная новизна</b> (АОМ: ОКМ-13, 22; АМ: ОКМ-8,16, ПК-36; ПОМ: ПК-6)	excellent (5)	The Taiwan-related issues attract marginal interest from Russian academic society, which means that any new input in this area can be seen as having scientific contribution.
3.	<b>Корректность постановки цели, взаимосвязанность цели и задач</b> (АОМ: ОКМ- 9, 13, 32; АМ: ПК-10, 11; ПОМ: ОКМ-12)	good (4)	Some of the tasks are not applicable to MA thesis, like " <u>Predict</u> the future trend of Taiwan's international space. <u>Suggestions</u> for Taiwan's search for greater international space" (p.9) (we do not predict anything in thesis; who is the receiver of student's suggestions? Chinese government? Taiwan administration?). The objective is missing in the text. The research question is not clearly indentified.
4.	<b>Степень разработанности источниковой базы и качество критики источников</b> (АОМ: ПК-17; АМ: ОКМ- 24; ПОМ: ОКМ-18, ПК-13)	average (3)	It is hard to say if the student used primary sources or not, since there is no list of sources in the thesis.
5.	<b>Полнота и разнообразие списка использованной литературы</b> (АОМ: ПК-17; АМ: ОКМ- 24; ПОМ: ОКМ-18, ПК-13)	good (4)	Literature, that the student used in his thesis, is primarily in English, which is strange given the facts that the student's native language is Chinese and there are abundance of literature

<sup>1</sup> Выставление оценки «неудовлетворительно» по одному из критериев автоматически означает рекомендацию оценки «неудовлетворительно» за работу в целом. В этом случае рецензент подробно обосновывает собственное мнение в *Комментариях к оценке* и п.2. *Заключение/рекомендации членам ГЭК.*

			on thesis topic in Chinese.
6.	<b>Соответствие методов исследования поставленной цели и задачам</b> (АОМ: ОКМ-2; АМ: ОКМ- 10, ПК-26; ПОМ: ОКМ-11, 14)	excellent (5)	It corresponds.
7.	<b>Соответствие результатов ВКР поставленной цели и задачам</b> (АОМ: ОКМ-1,7, ПК-33; АМ: ОКМ- 17, ПК-12, 37; ПОМ: ОКМ-14, ПК-14, 17)	average (3)	<p>While reading the thesis and specifically conclusion, I get objections to almost each idea and abstract.</p> <p>For instance: p.98 of the conclusion “The issue of Taiwan's expansion of international space judging from the relevant responses of mainland China in the past, it can be seen that the <b>mainland's response is mainly political</b> (WHY MAINLY POLITICAL? DOES NOT CHINA USE ECONOMIC POWER TO INFLUENCE OTHER COUNTRIES TO PULL THEM AWAY FROM TAIWAN?). ... <b>Taiwan's desire to rely on countries with similar ideas</b> such as the United States and Japan to help Taiwan stabilize its diplomatic relations is currently not satisfactory (TAWIAN DOES NOT HAVE A POLICY COURSE TO RELY ON LIKE-MINDED COUNTRIES ONLY, CHECK OUT THE DIPLOMATIC PARTNERS OF TAIWAN). The <b>United States uses limited resources</b> (WHY LIMITED RESOURCES? WHAT WOULD YOU CALL “SAFICIENT” RESOURCES?) to support Taiwan in assisting Taiwan in maintaining its international space and diplomatic relations. The effect of mainland China's increasing voice in the international arena diminishes. But facing up to Beijing's opposition and <b>refusal to deal with the Taiwan issue directly</b> (DOES CHINA PREFER TO DEAL WITH TAIWAN INDIRECTLY?) makes Taiwan's diplomacy futile. If cross-strait relations remain in a state of "warning" and more voices of the international community lean toward the Chinese mainland, <b>Taiwan will become a victim of Sino-US competition and an abandoned child of the United States</b> (WHY WOULD TAIWAN BE AN ABANDONED CHILD OT THE US? WHY THE VICTIM? WHAT DO YOU SUGGEST BY SAYING THIS -</p>

			DO YOU SUGGEST TAIWAN TO BECOME A PART OF CHINA?)”.
8.	<b>Качество оформления текста</b> (АОМ: ОКМ-1; АМ: ОКМ-8; ПОМ: ОКМ-7)	good (4)	There are many mistakes in language (grammar, etc.), usage of words, etc.
9.	<b>Ответственность и основательность студента в период работы над ВКР</b> (АОМ: ОКМ-23; АМ: ОКМ-19; ПОМ: ОКМ-13, 23, 27)	excellent (5)	During 2 years the student did consult with his scientific advisor on a regular basis, and has demonstrated his strong intent to work on the thesis, take into account all scientific advisor’s comments and recommendations.
<b>Средняя оценка:</b>		<b>4,2 (good)</b>	

1. **Заключение/рекомендации членам ГЭК:** The student tried hard, but eventually failed to succeed in analyzing Taiwan’s international space issue. He failed to catch the specifics of Taiwan issue, the US role in it, etc. I can object most of the ideas formulated in the thesis.

2. **Рекомендованная оценка: good**
